October 8th, 2020

Wapanucka Parents and Students,

Due to a recent positive case in our school, the date the symptoms began, and the close contact with the other students and staff, the health department has advised us to quarantine for 14 days. We will continue with our original plan for next week, and go virtual the week of October 19th. Paper packets will need to be picked up for all on site students on Monday, October 19th from at 8:30 a.m. to 3:30 p.m. at the south entrance. Call the school when you pull up and we will bring the packets out to you. (580) 937-4288. Teachers will wear masks while preparing the packets. Grades will be taken on this work. Please make sure your child/children complete the packets and return them to school on Monday, October 26th. All students who are currently virtual will continue their online work beginning October 19th. During this quarantine there will be no extracurricular activities. Our plans are to resume school and all activities on Monday, October 26th. The health department has strongly advised staying home, staying safe, and getting tested if symptoms develop.

Please be in prayer for our school and community during this time and always. The school board, administration, teachers, and staff appreciate your patience and understanding. If you need anything or have any questions please send a private message to the Wapanucka School Facebook page. We will respond as quickly as possible.

Thank you,
Wapanucka School Administration
