

ASBESTOS HAZARD EMERGENCY RESPONSE NOTIFICATION

WAPANUCKA PUBLIC SCHOOL

The Asbestos Hazard emergency Response Act of 1986 (AHERA) requires the inspection of all schools buildings for asbestos. Wapanucka Public Schools has complied with this act. A management plan documenting these inspections is on file for public review. Upon request, you may view the plan which is located in the superintendent's office of the school. We will annually notify all parents, teachers, and other employees by posting this notice. Additionally, information regarding any asbestos related

activities planned or in progress, will be disseminated by posting a notice or using handout bulletins, flyers and/or using newspaper public notice statement.
